

Sunday 22nd March

One of the government's key principles at this time is;

**\* If it is at all possible for children to be at home, then they should be.**

**Social distancing is key to ensuring the safety of students, staff and their families.**

IMPORTANT - If your child or any of your household family members are displaying any symptoms of ill health, **no matter how minor, your child should remain at home.**

Any students arriving at school displaying symptoms of ill health **will be sent home in line with government guidance.**

It is essential that we all support each other in halting the spread of this virus.

Stay home and stay safe.
