

Ben Nevis

This term in PSHE we have been looking at emotions. Class Ben Nevis have been looking at emotions such as happiness, sadness and anger. Our pupils have been making sensory bottles that they can use to make themselves feel better when they're feeling angry or anxious.

In science, Ben Nevis have been looking at the suitability of different materials. They have been choosing the best materials for washing up and why some materials won't work for certain objects. For example: why can't we have chocolate cars?
