

Cup and Cake

The Cup and Cake Cafe provides the opportunity to develop a wide range of employability skills in a real life setting. Students develop valuable transferable skills such as communication, working as part of a team and interacting in a professional environment.

Working at Cup and Cake ensures that students gain expertise in working with industry standard equipment, to a professional standard.

Students who work at the cafe show increased confidence when interacting with members of the public and feel at ease with making conversation and dealing with enquiries. Students who work at Cup and Cake feel valued to be part of a thriving business within the local community. Increased independence and responsibility in the workplace leads to a greater sense of self-esteem and purpose, as well as developing a strong work ethic, which will stand them in good stead for any future pathway they choose to follow.
