

Class Etna

This term Class Etna have been very busy! We welcomed new students and staff to our class and have all been getting to know each other. We have worked really hard in our lessons, and learnt lots of new things. We have also had lots of fun this term.

In Theme we have been looking at Space! We have explored each planet in detail, and more recently, have been looking at orbits, the moon, and how to get to space. We had loads of fun making and launching rocket ships!

In Maths we have been working really hard to level up our money skills. We have been counting amounts of mixed coins, and working on making amounts including much larger values and up to 5 coins!

All our staff are very proud of us!
