

# You're invited to our 'virtual open evening'

February 10th at 5pm-6pm

Bridge College is a specialist college for students aged 16 to 25 years with learning and physical disabilities, complex health needs, neurodevelopmental conditions and autism.

Students at Bridge College have learning plans shaped to fit their story.

Families and carers can access our Zoom conversation where they can meet the team here at Bridge College and ask questions about the facilities, curriculum and Supported Internship Programme. We'll explain our application and admissions process and answer any questions you might have. We will also send you a link to our virtual tour.

All you need to do is call the college to book your place. Leave your name and email address and we'll send you the link to the Zoom meeting. We can't wait to meet you!

To attend you **MUST** book your place using the contact details below.
