SAFEGUARDING POLICY

Introduction

Through this policy we aim to create and maintain a safe learning environment where all children and adults feel safe, secure and valued and know they will be listened to and taken seriously.

This policy has been developed to ensure that all adults in our school, including regular staff, supply staff, volunteers, visitors and contractors are working together to safeguard and promote the welfare of children and young people and to identify and address any safeguarding concerns and to ensure consistent good practice.

Our approach is child-centred,

*'Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.'*
(KCSiE, Part 1.2)

Indicators of abuse, neglect and exploitation:

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adult or by another child or children.

Harm can include children witnessing the ill-treatment of others and that this is particularly relevant when children see, hear or experience domestic abuse and its effects

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be

used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as peer-on-peer abuse) in education and all staff should be aware of it and of their school or college's policy and procedures for dealing with it, (see paragraph 49 of KCSIE 2023).

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to a child's basic emotional needs.

Child Sexual Exploitation (CSE): is a form of child sexual abuse. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse including via the internet. CSE can occur over time or be a one-off occurrence, and may happen without the child's immediate knowledge e.g., through others sharing videos or images of them on social media. CSE can affect any child, who has been coerced into engaging in sexual activities. This includes 16 and 17 year olds who can legally consent to have sex. Some children may not realise they are being exploited e.g., they believe they are in a genuine romantic relationship.

Child on child abuse: is most likely to include, but may not be limited to:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying);
- Abuse in intimate personal relationships between children;
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse);
- Sexual violence, 11 such as rape, assault by penetration and sexual assault; (this may include an online element which facilitates, threatens and/or encourages sexual violence);
- sexual harassment, 12 such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse; 11 For further information about sexual violence see Annex B. 12 For further information about sexual harassment see Annex B. 16
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party;
- Consensual and non-consensual sharing of nude and semi-nude images and/or videos¹³ (also known as sexting or youth produced sexual imagery);
- upskirting,¹⁴ which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm; and
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).

Safeguarding and promoting the welfare of children and young people goes beyond implementing basic child protection procedures. The aims of this policy are in accordance with both our Mission Statement and our Equal Opportunities Policy, and it is an integral part of all our activities and functions.

‘Governing bodies and proprietors should ensure they facilitate a whole school or college approach to safeguarding. This means involving everyone in the school or college, and ensuring that safeguarding, and child protection are at the forefront and underpin all relevant aspects of process and policy development. Ultimately, all systems, processes and policies should operate with the **best interests** of the child at heart.’

‘Safeguarding and promoting the welfare of children is defined as:

- Providing help and support to meet the needs of children as soon as problems emerge
- protecting children from maltreatment, whether that is within or outside the home, including online
- preventing the impairment of children’s mental and physical health or development
- ensuring that children grow up in circumstance consistent with the provision of safe and effective care
- taking action to enable all children to have the best outcomes.

All staff are trained in Restorative approaches. We have worked with our school council to develop child friendly policies for Anti Bullying and safeguarding. These are displayed prominently in school and are accessible to all children.

Key staff are always present during any session involving visitors to school.
- There are suitable arrangements for visitors coming onto the premises which may include an assessment of the educational value, the appropriate age of what is going to be delivered and whether relevant checks will be required.

Approaches to educating our pupils and their families:

- As part of our curriculum including PSHCE and Citizenship lessons we cover British

- If school staff become aware that the pupil is planning to travel without their family, then this will be raised with the family to ensure the pupil is kept safe.

Training for staff:

- Staff awareness will be raised around the issues of radicalisation at the termly safeguarding staff meeting.
- Staff awareness of radicalisation is addressed in their online safeguarding training programme.
- The Head Teacher has attended training and briefing sessions on policy and practice in school.
- Several staff have attended training on holding difficult conversations.
- There are suitable arrangements for visitors coming onto the premises which may include an assessment of the educational value, the age appropriateness of what is going to be delivered and whether relevant checks will be required.

- ensuring that the school or college knows who its cohort of children who have or have had a social worker are, understanding their academic progress and attainment, and maintaining a culture of high aspirations for this cohort, and
- supporting teaching staff to provide additional academic support or reasonable adjustments to help children who have or have had a social worker reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on children's educational outcomes.

 - Confirmation of receipt from the new school/college should be obtained
 - Where we receive files for a new starter, key staff will be made aware as required.
 - Where appropriate, files may be shared with a new school or college in advance of the child leaving to enable the right safeguarding support to be put in place

- Raise awareness
 - ensure each member of staff has access to, and understands, the school or college's child protection policy and procedures, especially new and part-time staff
 - ensure the school or college's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this
 - ensure the child protection policy is available publicly and parents know that referrals about suspected abuse or neglect may be made and the role of the school or college in this
 - link with the safeguarding partner arrangements to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements, and
 - help promote educational outcomes by sharing information about welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school and college leadership staff.
 - Support the Headteacher in ensuring staff are aware and confident of raising concerns about staff

- Undertake training, increase knowledge and skills
 - understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements.
 - have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
 - understand the importance of the role the designated safeguarding lead has in providing information and support to local authority children social care in order to safeguard and promote the welfare of children

 - are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers.
 - understand the importance of information sharing, both within the school/college, and with the safeguarding partners, other agencies, organisations and practitioners

- understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalization
 - are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school/college
 - can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example, from bullying, grooming and radicalisation and are confident they have the capability to support children with SEND to stay safe online
 - obtain access to resources and attend any relevant or refresher training courses, and
 - encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, and in any measures the school/college may put in place to protect them
 - Keep up to date with changes in local policy and procedures and be aware of any guidance issued by the DfE, MSP and LA concerning Safeguarding, e.g. through DSL Networks, Safeguarding Newsletters and Circular Letters
- Provide support for staff
 - ensure that staff are supported during the referrals processes, and
 - support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support

This should include instances where referrals were or were not made to another agency such as LA children's social care or the Prevent program etc.

In addition, to be able to respond to the specific needs of children in Manchester, the DSL will

- Ensure that all staff with specific responsibility for safeguarding children, including the named DSL, receive the appropriate funding, training, resources and support needed to undertake this role. Access to professional supervision is recommended practice.

- Specify the roles and responsibilities of Safeguarding Team members as applicable, including staff with other key related roles including SENCO, Attendance Lead, Designated Person for Looked After Children, Mental Health Lead
- Activate the escalation process where plans, partners or processes are not improving the situation or outcome for a child

3. TRAINING AND AWARENESS RAISING

3.1 In accordance with KCSiE 2025, all new staff and regular volunteers will receive appropriate safeguarding information during induction (including digital safeguarding and their responsibilities in relation to filtering and monitoring) and be made aware of the systems within the school/college which support safeguarding e.g. the Behaviour Policy. This is delivered through face to face training and online training (Educare). There is a safeguarding discussion with all supply staff, and they are given an information booklet that includes safeguarding information about procedures at North Ridge. All new staff must ensure that they have read and understood 'Keeping Children Safe in Education: Part One' and all staff working directly with children should be read Annex A. This is sent to all new staff during their induction and to all annually. Staff sign (written or electronically) to say they have read this, and a record is kept. This training will be regularly updated.

This training will be regularly updated

- 3.2 All staff must ensure that they have read and understood KCSiE: Part One/Annex A and/or Annex B This is always introduced at the start of Autumn 1. Staff have allocated time to read the document and then must sign to agree that they have read and understand the document.
- 3.3 All staff will receive child protection training every 2 years and at least an annual update which includes basic safeguarding information about our policies and procedures, signs and symptoms of abuse (emotional and physical), indicators of vulnerability to exploitation and radicalisation, how to manage a disclosure from a child as well as when and how to record a concern about the welfare of a child, with regular updates in relation to local and national changes. There are also termly safeguarding meetings, training is evaluated, and safeguarding records are monitored by DSLs.
- 3.4 All staff members will receive training and updates around digital safeguarding and their role and responsibility in relation to filtering and monitoring as required, providing them with relevant skills and knowledge to safeguard children effectively. 7 minute safeguarding briefings are shared with staff every week and saved on MS Teams so staff have access to them at all times. As described above, safeguarding meetings are held termly, and training evaluations are completed and evaluated and DSLs monitor records.
- 3.5 By training and responding to concerns on a daily basis, staff will be provided with the opportunity to contribute to and shape safeguarding arrangements and the child protection policy. The policy will remain under constant review through regular meetings of the DSL team. All interview panels will include at least one member that has completed up to date Safer Recruitment training within the last 3 years.
- 3.6 All interview panels will include at least one member that has completed full Safer Recruitment training within the last 3 years or Safer Recruitment Refresher training, if the former has already been undertaken.
- 3.7 All staff need to understand the impact mental health problems may have on all aspects of safeguarding including the relevance of Adverse Childhood Experiences (ACEs) and the

impact of trauma on children and young people and this is included in our training programme.

4. SAFEGUARDING/CHILD PROTECTION POLICY & PROCEDURES

4.1 PUPIL VOICE

Children are encouraged to contribute to the development of policies and share their views. Pupils complete written pupil voice records twice a year. We hold an annual ~~consultation~~ for staff, pupils, and parents/carers in the form of a tea party with a questionnaire and open discussion to identify the school development priorities for the coming year. We have a school council and complete an annual audit of pupils' knowledge and understanding of key safeguarding messages. Pupils are supported to complete safeguarding pupil voice booklets for their CIN meetings or Case conferences. Pupil voice booklets are also completed for each PEP review. Pupils subject to a CP plan are supported regularly to record their voice for core group meetings. We have worked with our school council to develop child friendly policies which are displayed in school and on our website.

4.1.2 We support the LA in its progress towards UNICEF Child Friendly City status and participate in the UNICEF Rights Respecting School programme and are accredited at Gold Level

4.2 POOR ATTENDANCE/ABSENT CHILDREN

We adopt MCC's updated Attendance Policy and Attendance Strategy and reflect these in our own policies. We attend targeted support meetings related to attendance when required.

- 4.2.1 We view poor attendance as a safeguarding issue and in accordance with our Attendance Policy, absences are rigorously pursued and recorded. This includes missing individual lessons, as well as being absent or late at Registration. Any concerning patterns are reviewed in partnership with the appropriate agencies, we take action to pursue and address all unauthorised absences in order to safeguard the welfare of children in our care.
- 4.2.2 Our Attendance Policy identifies how individual cases are managed and how we work proactively with parents/carers to ensure that they understand why attendance is important. In certain cases, this may form part of an Early Help Assessment (EHA) or a Parenting Contract.
- 4.2.3 We implement the statutory and LA requirements in terms of monitoring and will report children appropriately to the CME Team
- 4.2.4 We will follow the Emotional Barriers to School Attendance guidance (MCC, updated September 2025) to assist with strategies for supporting children and young people experiencing anxiety to return to school.

4.2.5 We will alert the relevant team or authority if a new child who has been expected to attend does not arrive on the due date. (This is in response to learning from local serious case reviews.)

4.3 ALTERNATIVE PROVISION (AP)

4.3.1 We will only place children in AP which is a registered provider and has been quality assured e.g. is on the MCC approved provider list or has been judged by Ofsted to be Good or better. We will obtain written confirmation from the AP that appropriate safeguarding checks have been carried out on individuals working at their establishment.

4.3.2. Children who require access to AP will have a personalised learning plan designed to meet their needs. AP placements will be regularly reviewed. Their attendance will be monitored

by us in accordance with the School Register Regulations
Our DSL will work together with the DSL at the AP to ensure effective sharing of information and that any safeguarding concerns are followed up appropriately. Our school will remain responsible for the safeguarding of any pupils placed in AP.

4.4 EXCLUSIONS

4.4.1. We comply with statutory regulations and with the LA Inclusion Policy (Appendix C).

4.4.2. The DSL will be involved when a fixed term or permanent exclusion is being discussed and any safeguarding issues will be considered. If there is an open EH, CiN or CP, the EH Practitioner or Social Worker will be informed.

4.4.3 We will work with the MCC Weapon Carrying in Schools and Colleges guidance (Appendix C) to assist in decision making around exclusion and other responses to carrying or using weapons in school.

4.4.4 Where it is felt that a child or young person is likely to be permanently excluded a multi-agency assessment will be instigated to ensure that there is improved understanding of the needs of the young person and their family and that the key agencies are involved

4.5 VULNERABLE GROUPS

4.5.1 We ensure that all key staff work together to safeguard vulnerable children. This includes those children causing concern but not yet reaching statutory intervention level as well as those children who are in receipt of statutory support. We hold weekly welfare meetings, there are weekly team meetings, all information is recorded on

CPOMS and key staff alerted to these concerns. All pupils at North Ridge are vulnerable due to their SEN.

4.5.2 Any child may benefit from early help at times, but all staff will be particularly alert to the potential need for early help for a child who:

- Is disabled or has certain health conditions and has specific needs
- Has special educational needs (whether or not they have a statutory Education, Health and Care Plan)
- Has a mental health need
- Is a young carer
- Is showing signs of being drawn in to anti-social or criminal behavior, including gang involvement and association with organised crime groups or county lines
- Is frequently missing/goes missing from care or from home
- Is at risk of modern slavery, trafficking, sexual or criminal exploitation
- Is at risk of being radicalised or exploited
- Has a family member in prison, or is affected by parental offending
- Is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- Is misusing drugs or alcohol themselves
- Has returned home to their family from care
- Is at risk of 'honour'- based abuse such as Female Genital Mutilation or Forced Marriage
- Is a privately fostered child
- Is persistently absent from education, including persistent absences for part of the school day

Additionally, these children will also be considered

- International new arrival, refugee or asylum seeker
- Looked after, previously looked after or under a special guardianship order.
- Has or has had a social worker
- LGBT children
- Has the potential for adultification

4.5.3. Children with special educational needs and disabilities (SEND) can face additional safeguarding challenges. All staff are aware that additional barriers can exist when recognising abuse and neglect in this group of children. These can include:-

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
- The potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs and
- Communication barriers and difficulties in managing or reporting these challenges.

4.4.5 Mental health problems can, in some cases, be an indicator that a child has suffered, or is at risk of suffering abuse, neglect or exploitation. We have clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems.

4.5.5. We ensure that staff consider the context in which incidents occur and whether wider environmental factors (extra-familial harm) are present in a child's life that are a threat to their safety and/or welfare.

4.5.6. We ensure that appropriate staff have the information they need in relation to a child's looked after legal status and regarding a child who was previously looked after or is in kinship care. We work with relevant social workers and the Virtual School

4.5.7 Where children have or have had a social worker, we will work alongside the social worker to ensure there is an education focus in the plan for the child.

4.6 CHILD ON CHILD ABUSE (KCSiE, Part 5)

4.6.1 All our staff recognise that children are capable of abusing their peers, including online.

4.6.2 Our separate Child on Child Abuse Policy clearly outlines our procedures and approach to this issue which are summarised below: -

- The procedures to minimise the risk of child-on-child abuse
- The systems in place to ensure that children understand that the law is there to protect them not to criminalise them and for children to confidently report abuse, knowing their concerns will be taken seriously
- How allegations of child-on-child abuse will be recorded, investigated and dealt with
- Recognition of the importance of understanding inter-familial harms and our processes as to how victims, perpetrators and any other children affected by child-on-child abuse will be supported
- Recognition that even if there are no reported cases of child-on-child abuse, such abuse may still be taking place and simply not be reported
- Our clear zero-tolerance approach to abuse, never passing it off as 'banter', 'just having a laugh', 'part of growing up' or 'boys being boys'.
- Recognition that it is more likely girls will be victims and boys' perpetrators, but that all child-on-child abuse is unacceptable and will be taken seriously
- Recognition of the different forms child on child abuse can take
- Our response to reports of sexual violence and sexual harassment as guided by Part Five of KCSiE. All reports will be taken seriously and a member of the DSL team will deal with the report supporting the pupil and their family. We will liaise with GMP and other agencies including school nurse, Early help, Social care, CAMHS and internal professionals who may be able to help (art therapist). We will risk assess the situation within school and ensure there is a clear plan in place to ensure pupils involved are well supported and monitored.

4.7 ELECTIVE HOME EDUCATION

- 4.7.1 We understand the variety of reasons why some parents/carers would wish to home educate their child/ren and support this where the child's best education is at the heart of the decision.
- 4.7.2 We also understand that by being educated at home, some children are less visible to the services that are there to keep them safe and supported in line with their needs
- 4.7.3 If a parent/carer informs us of their **intention** to remove their child/ren from school, we will aim to co-ordinate a meeting between ourselves, parents/carers (and other key professionals if relevant) to ensure that the best interests of the child have been considered, especially if the child has SEND, is vulnerable or has a social worker, **before** the final **decision** is made.
- 4.7.4 We will inform Manchester LA of all deletions from the admission register when a child is taken off-roll and we understand that a child should be removed from roll as soon as the parent has informed us of their decision.
- 4.7.5 We are familiar with the guidance from DfE outlining the roles and responsibilities of the LA in relation to Elective Home Education

4.8 COMMUNITY SAFETY

4.8.1 Serious violence

We are aware of the indicators and risk factors which may signal that children are at risk from, or are involved with, serious violent crime.

- 4.8.2 We update our awareness based on new information regarding trends, modes of operation and language/slang when provided by partner agencies

4.8.3 Child abduction and community safety incidents

We will support children by building on their confidence and ability to deal with challenging situations to enable them to keep themselves safe.

- 4.8.4 Our response to children carrying knives or other weapons in school and in situations out of school is aligned to the Manchester Knife and Weapon Carrying in Schools and Colleges Guidance (Knife Crime Protocol) in which we take a holistic and measured approach on a case by case basis to such incidents in and out of school. (See Appendix C)

5 . CASE MANAGEMENT, RECORD KEEPING & MULTI-AGENCY WORKING

5.1 5.1 KEEPING RECORDS

Describe record keeping system

- 5.1.1 We keep and maintain up to date information on children on the school roll including where and with whom the child is living, attainment, attendance, referrals to and support from other

agencies. The record will also include a chronology of any other significant event in a child's life and up to date contact details for adults who have day to day care of the child.

5.1.2 We keep copies of all referrals to Children and Families Services; the Early Help Hub and any other agencies related to safeguarding children.

5.1.3 We keep our safeguarding records secure.

5.1.4 We send a pupil's child protection or safeguarding file separately from the main file to a new establishment if they leave as soon as possible. We keep a copy of the file in accordance with our Records Policy (See Appendix E) and statutory and LA Guidance (See Appendices A, B & D).

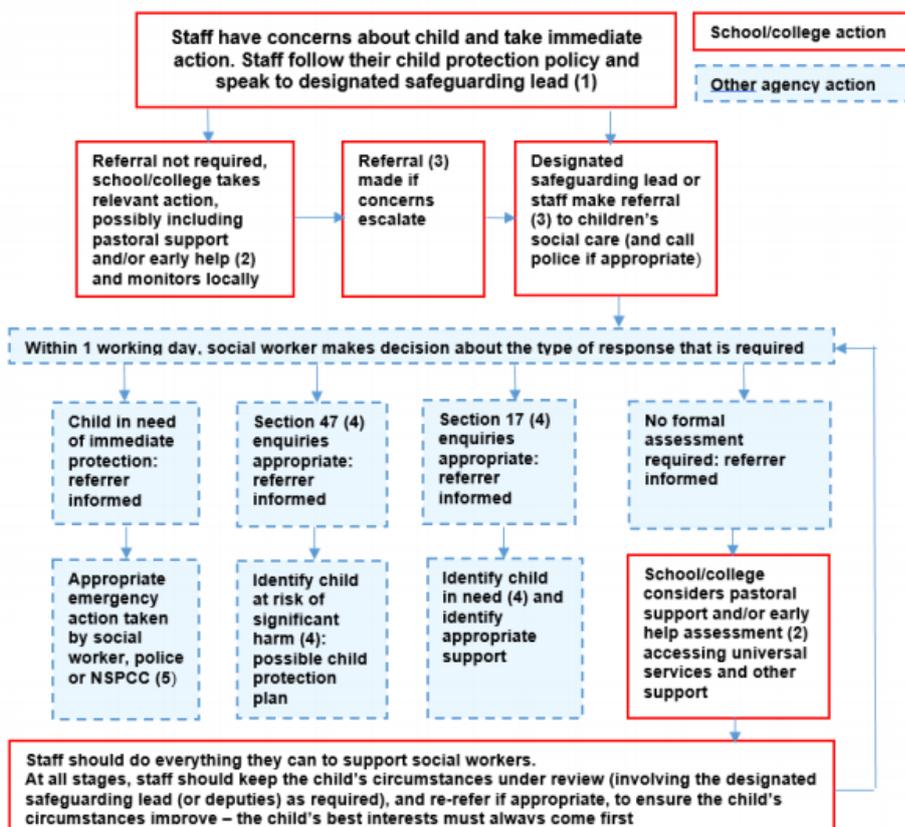

5.2 RECORDING AND REPORTING CONCERNS

5.2.1 All staff, volunteers and visitors have a responsibility to report any concerns about the welfare and safety of a child, and all such concerns must be taken seriously (Appendix A). If a concern arises all staff, volunteers and visitors must:

- Speak to the DSL or the person who acts in their absence
- Agree with this person what action should be taken, by whom and when it will be reviewed
- Record the concern using our safeguarding recording system

The flowchart for what to do if you're worried a child is being abused is detailed below:

Actions where there are concerns about a child

- (1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part Four of this guidance.
- (2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.
- (3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).
- (4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).
- (5) This could include applying for an Emergency Protection Order (EPO).

5.3 WORKING WITH PARENTS/CARERS

5.3.1 Our responsibility is to safeguard and promote the welfare of all the children in our care. We aim to do this in partnership with our parents/carers and would expect them to provide up-to-date contact details, including at least 2 emergency contacts.

5.3.2 In most cases parents/carers will be informed when concerns are raised about the safety and welfare of their child and given the opportunity to address any concerns raised.

- 5.3.3 We aim to engage with parents/carers through the LA Early Help processes, including holding strength-based conversations.
- 5.3.4 We will inform and gain consent from parents/carers, if possible, if a referral is to be made to Children's Social Care or any other agency **unless it is believed that by doing so would put the child at risk** e.g. in cases of suspected sexual abuse. We will record the reasons if consent is not gained.
- 5.3.5 In such cases the DSL or Headteacher will seek advice from Children's Social Care AGS.

5.4 MULTI-AGENCY WORKING

- 5.4.1 We will develop effective links with other relevant agencies and co-operate as required with any enquiries regarding child protection issues.
- 5.4.2 We will develop effective links with the Early Help Hubs and carry out an Early Help Assessments (EHA), as appropriate.
- 5.4.3 We will notify the named Social Worker if:
- A child subject to a child protection plan is at risk of permanent exclusion
 - There is an unexplained absence of a child who is subject to a child protection plan
 - It has been agreed as part of any child protection plan or core group plan.
 - We receive an Operation Encompass notification and believe the social worker may not be aware of the circumstances
- 5.4.4. We will regularly review concerns, if necessary, as detailed in KCSiE and will follow LA and MSP procedures if there is a need to re-refer or to escalate.

5.5 CONFIDENTIALITY & INFORMATION SHARING

- 5.5.1 Staff will ensure that confidentiality protocols are followed and under no circumstances will they disclose any information about children outside of their professional role.
- 5.5.2 Information about children will only be shared with other members of staff on a need-to-know basis
- 5.5.3 All staff and volunteers understand that they have a professional responsibility to share information with other agencies, in the best interests of the child's safety, welfare and educational outcomes. This is a matter of routine.
- 5.5.4 We have arrangements in place that set out clearly the process and principles for sharing information within school and with the three safeguarding partners, other organisations, agencies and practitioners as required. This includes an agreed rationale for gaining

consent, when and what to share, when and what not to share and systems for recording these decisions.

5.5.5 We understand that the Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children. (KCSiE Part 2)

5.6 CHILD PROTECTION (CP), CHILD IN NEED (CiN) & TEAM AROUND THE CHILD/FAMILY MEETINGS AND CONFERENCES

5.6.1 A child protection conference will be held by Social Care if it is considered that the child is suffering or at risk of significant harm.

5.6.2 We will attend and contribute to initial and review CP conferences, CiN conferences and relevant multi-agency meetings, including core groups. A DSL will be available in school holidays in case of an emergency.

5.6.3 Members of staff who are asked to attend a child protection conference or other core group meetings (either in person or virtually) about an individual pupil/family will need to have as much relevant updated information about the child as possible and will send a report, using the most up-to-date proforma to the Chair within the required timescales, at least 48 hours before the meeting.

5.6.4 Our reports will always include the voice of the child, which is especially important where there may be barriers to communication.

5.6.2 We will aim to discuss and share reports with the parents/carers before the conference.

5.6.3 All relevant staff will be confident in using the tools which are part of Social Care's refreshed approach.

5.7 CONCERNS/DISCLOSURES BY CHILDREN, STAFF & VOLUNTEERS

5.7.1 Any concern, disclosure or expression of disquiet made by a child will be listened to seriously and acted upon as quickly as possible to safeguard his or her welfare.

5.7.2 All staff and volunteers must be clear with children that they cannot promise to keep secrets.

5.7.3 We will make sure that the child or adult who has expressed the concern or made the complaint will be informed not only about the action to be taken but also where possible about the length of time required to resolve the complaint.

5.7.4 We will endeavour to keep the child or adult informed about the progress of the complaint/expression of concern.

5.8 LEARNING FROM SERIOUS CASES

5.8.1 MSP will always undertake a child practice review (CPR) previously called a serious case review (SCR) when a child dies (including death by suicide) and abuse or neglect is known or suspected to be a factor in their death. The purpose of the CPR is to:

- Find out if there are any lessons to be learnt from the case about how local professionals and agencies work together to safeguard and promote the welfare of children and young people
- Identify what those lessons are, how they will be acted on and what is expected to change as a result of the serious case review.
- Improve inter-agency working to better safeguard and promote the welfare of children and young people

5.8.2. If required, we will provide an individual management report for a CPR and will cooperate fully with implementing outcomes of the review including reviewing policy, practice and procedures as required.

5.8.3 Our DSL will keep up to date with the findings from CPR and other learning reviews nationally and in Manchester, share the learning and review our safeguarding procedures if relevant.

6. THE CURRICULUM

We are committed to promoting emotional health and wellbeing and to supporting the development of the skills needed to help keep children safe and healthy. This includes face to face teaching, blended learning and online learning as needed in response to any crisis situation that may arise.

6.1 All children have access to an appropriate curriculum, differentiated to meet their needs. They are encouraged to express and discuss their ideas, thoughts and feelings through a variety of activities and have access to a range of cultural opportunities which promote the fundamental British values of tolerance, respect and empathy for others.

6.2. This enables them to develop the necessary skills to build self-esteem, respect others, support those in need, resolve conflict without resorting to violence, question and challenge and make informed choices in later life.

6.3.1 Relationships Education, Relationships and Sex Education (RSE) and Health Education along with Personal Social and Health Education (PSHE) lessons will provide opportunities for children and young people to discuss and debate a range of subjects including lifestyles, family patterns, religious beliefs and practices and human rights issues.

6.3 We take account of the latest advice and guidance provided to help address specific vulnerabilities and forms of grooming and exploitation

e.g. Domestic Abuse, Child Sexual Exploitation, Peer on Peer/Child on Child Abuse, Radicalisation, 'Honour-based' Abuse, including Forced Marriage, Female Genital Mutilation & breast ironing, Modern Slavery and County Lines.

- 6.4 All children know that there are adults in our school/setting/college whom they can approach in confidence if they are in difficulty or feeling worried and that their concerns will be taken seriously and treated with respect. This is covered through PHSE lessons and interventions. There are posters around school with photographs of key staff. We have displays of pupil friendly policies and NSPCC PANTS rule.
- 6.5 Children are encouraged to contribute to the development of policies. These are written and in picture/symbol format. We have displayed these in school in prominent places.
- 6.6 Children are taught about safeguarding including online safety and for some children, this will take a more personalised or contextualised approach, such as more vulnerable children, victims of abuse and some SEND children.
- 6.7 We have a clear set of values and standards, upheld and demonstrated throughout all aspects of school/college life.
- 6.8 We have a culture of zero tolerance for sexism, misogyny/misandry, homophobia, bi-phobic and sexual violence or harassment

7 DIGITAL SAFEGUARDING

- 7.1 Digital safety is a safeguarding issue, and we understand that children must be safeguarded from potentially harmful and inappropriate online material. Our whole school/college approach empowers us to protect and educate pupils/students and staff in their use of technology and establishes mechanisms to identify, intervene in and escalate any concerns where appropriate. The purpose of Internet use in our school/setting/college is to help raise educational standards, promote pupil achievement, and support the professional work of staff as well as enhance our management information and business administration.
- 7.2 The checklist to ensure compliance with Filtering and Monitoring standards is included as Appendix B
- 7.3 We consider the 4C areas of risk to inform our online safety policy and ensure this is a running and interrelated theme when developing other relevant policies and procedures.
- 7.4 The Internet is an essential element in 21st century life for education, business and social interaction and we have a duty to provide children with quality access to it as part of their learning experience.

- 7.5 Our policy on the use of children’s personal mobile phones and smart technology is that we require that they are handed into staff on arrival at school and returned at the end of the school day unless they are being used for educational purposes during the day.
- 7.6 We will ensure that appropriate filtering methods (without ‘over-blocking’) are in place to ensure that pupils are safe from all types of inappropriate and unacceptable materials, including terrorist and extremist material. Our filtering and monitoring standards apply to the use of generative AI in education. We currently use Smoothwall and Classroom Cloud monitoring.
- 7.6 We ensure our monitoring system responds quickly to incidents, and they are escalated to those with a safeguarding responsibility
- 7.7 We use an appropriate level of security protection in order to safeguard our systems, staff and learners from evolving cyber-crime technologies and periodically review its effectiveness in ensuring cyber resilience in our school.
- 7.8 We will encourage children to use social media safely, including opportunities for them to think and discuss issues and to check their sources of information. We will keep abreast of new developments that may potentially harm our children.
- 7.9 We have separate acceptable use policies (AUPs) for both staff and children. This covers the use of all technologies and platforms used, both on and offsite. This policy, and including code of conduct, must be fully implemented by all staff.
- 7.10 We will complete online safety audits as appropriate to our needs and know where to access recommended models.
- 7.11 We work with parents to promote good practice in keeping children safe online, including to support their children learning at home.
- 7.12 We ensure that all staff adhere to safe and responsible online behaviours when providing home learning and communicating with families.
- 7.13 As technology, and the risks and harms associated with it, evolve and change rapidly, we will carry out an annual review of our approach to online safety supported by an annual risk assessment that considers and reflects the risks our children face. (KCSiE)

- When our school is used for non-school activities, we ensure that arrangements are made to keep the children safe through our letting contracts. We specify that we expect providers to meet the guidance in [Keeping Children Safe in Out of School Settings](#) (KCSIE, Part 2, 169).
- If we receive an allegation related to an incident that happened when an individual or organisation was using our premises for the purposes of running activities for children, we will follow our own safeguarding policies and procedures, including informing the LADO if relevant (KCSIE Part 4)

When our school is used for non-school activities, we ensure that arrangements are made to keep the children safe through our letting contracts. We specify that we expect providers to meet the guidance in [Keeping Children Safe in Out of School Settings](#) (KCSIE, Part 2, 167).

If we receive an allegation related to an incident that happened when an individual or organisation was using our premises for the purposes of running activities for children, we will follow our own safeguarding policies and procedures, including informing the LADO if relevant (KCSIE Part 4, 377)

8.4 The school maintains a single central record of all recruitment checks, updated and monitored at least termly, by senior leadership and governor.

8.5 The Governing Body will determine the frequency and need for renewal of DBS for existing staff. (It is considered good practice to renew the DBS for all staff every three years, in line with MCC local policy).

8.6 Trainee teachers will be checked either by the school or by the training provider, from whom written confirmation will be obtained.

8.7 Written notification will be requested from any agency or third party organisation used by us to confirm that the organisation has carried out the statutory recruitment checks.

8.8 We will not routinely keep copies of DBS certificates, either electronically or in paper files but if we have good reason to do so, these will not be kept for longer than six months

8.9 Risk assessments are carried out on all volunteer activities as required.

9. MANAGING ALLEGATIONS AND CONCERNS AGAINST STAFF, SUPPLY STAFF, VOLUNTEERS AND CONTRACTORS

9.1 We follow the DfE guidance KCSiE, Section 4, when dealing with allegations made against staff, supply staff, volunteers and contractors applying the appropriate level of concern criteria and managing accordingly

9.2 We work closely with the police, children's social care and MCC LADO when a risk of harm is indicated

- 9.3 The welfare of the child/ren is paramount when considering an allegation and before contacting the LADO we make careful enquiries to help determine facts and foundation to the allegation, aware of not jeopardising any future police investigation
- 9.4 We consider allegations that may meet the harms threshold and those allegations/concerns that do not, referred to as 'Low Level Concerns'. These are outlined in our Low Level Concerns Policy
- 9.5 The harms threshold indicates that a person would pose a risk of harm if they have-
- Behaved in a way that has harmed a child or may have harmed a child
 - Possibly committed a criminal offence against or related to a child
 - Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children
 - Behaved or may have behaved in a way that indicates they may not be suitable to work with children (including behavior that may have happened outside school/college, known as transferable risk)
- 9.6 Our Managing Allegations Policy details the processes and responses to reporting harm threshold cases and also managing their conclusions.
- 9.7 Concerns that do not meet the harm threshold may include
- Suspicions or nagging doubts about a member of staff
 - Complaints
 - Disclosures made by child, parent/carer or another adult within or outside of school/college
 - Inappropriate conduct outside of work
 - Those raised during recruitment and vetting processes
- 9.8 Our open and transparent culture enables us to identify concerning, problematic or inappropriate behavior early thus minimising the risk of abuse
- 9.9 Although low level concerns may not meet the harm threshold, they are not insignificant.
- 9.10 All low level concerns are reported to the headteacher/principal and may also be self-referred (KCSiE provides further clarity on processes- 430-436)
- 9.11 Our Low Level Concerns Policy details the processes and conclusion of low level concerns and guidance about including information in references.
- 9.12 All allegations made against a member of staff, including supply staff, volunteers, contractors or security staff working on site, will be dealt with quickly and fairly and in a way that provides effective protection for the child while at the same time providing support for the person against whom the allegation is made.

9.13 We ensure that all staff are aware of how to raise a concern, including anonymously as a whistleblower. The procedure is detailed in our Whistleblowing Policy which all staff have access to and is available on our website.

9.14 Historic allegations will be referred to the police.

10.SAFETY ON & OFF SITE

10.1 Our site is secure with safeguards in place to prevent any unauthorised access and also to prevent children leaving the site unsupervised.

10.2 We have good up to date knowledge of our local area and any safeguarding risks to the wider community.

10.3 All visitors, including visiting speakers, are subject to our safeguarding protocols while on site. We will undertake an assessment of the educational value, age appropriateness and content of the visitor's itinerary.

10.4 Visitors who are in school/college in a professional capacity will have their ID checked and assurance sought that they have an appropriate DBS check

10.5 We will ensure that any contractor, or any employee of a contractor, who is to work in our school, has been subject to the appropriate level of DBS check. We are responsible for determining the appropriate level of supervision depending on the circumstances and set out our safeguarding requirements in any contacts between school/college and the contractor's organisation. We will always check the identities of contractors and their staff on arrival.

10.6 We operate a responsible booking protocol and will carry out appropriate checks on all organisations which request to hire our facilities.

10.7 When the school/college is let, if services or activities are provided by the governing body or proprietor, under the direct supervision or management of school/college staff, the school/college arrangements for child protection will apply.

10.8 When the school/college is let and services or activities are provided by another body, we seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as needed) and ensure there are arrangements in place to liaise with school/college on these matters where appropriate.

10.9 Should we receive an allegation relating to an incident that happened when an individual or organisation were using our premises for the purpose of running activities for children, we will follow our safeguarding policies and procedures including informing the LADO (if it meets the harm threshold).

- 10.10 Safeguarding arrangements should be included in any lease or hire agreement as a condition of use and occupation of the school/college premises – failure to comply with this will lead to termination of the agreement.
- 10.11 We exercise due diligence to prevent any organisation or speaker from using our facilities to disseminate extremist views or radicalise pupils or staff. See external visitor policy.
- 10.12 We have a work experience placement policy and procedures in place. We will ensure that any person supervising a child on a placement has been subject to the appropriate level of DBS check.
- 10.13 All school visits are fully risk-assessed, and no child will be taken off-site without parental permission.
- 10.14 For international exchanges, we will liaise with our partner schools abroad to establish a shared understanding of the arrangements in place both before and during the visit. We will ensure we are satisfied that these are appropriate and sufficient to safeguard effectively every child who will take part in the exchange. We may also feel it necessary to contact the relevant foreign embassy or High Commission of the country in question to discuss what checks may be possible in respect of those providing homestay outside the UK.
- 10.15 We have a Health & Safety policy e.g., for contacting parents and for reporting to the emergency services, including police and hospitals. Where pupils have any individual emergency health requirements there are care plans in place. We have a medication policy and procedure in place which is followed by all staff. (see separate Medication Policy).
- 10.16 We have read and considered the MCC/One Education Critical Incident guidance, the DfE Emergency planning and response for education, childcare and children's social care settings and School and College Security GOV.UK

11. COMPLEX SAFEGUARDING

Serious violence

- 11.1 We are aware of the indicators and risk factors which may signal that children are at risk from, or are involved with serious violent crime
- 11.2 We will support referrals to Engage panels by providing information about concerns and worries for children involved in ASB and on the edge of criminality, including whether interventions have already been put in place and their success or not.

Child Criminal Exploitation and Child Sexual Exploitation

- 11.2.1 Children's Social Care will refer cases of child exploitation, criminal or sexual, to the Complex Safeguarding Hub and we will contact the professionals' advice line for further support to hasten this process or seek guidance, as appropriate.

- 11.2.2 We understand that schools are one of many locations where children can be targeted and recruited into county lines and recognise additional specific indicators that may be present when a child is criminally exploited through involvement in county lines. (KCSiE, Annex B)
- 11.2.3 We are aware of the significantly low numbers of reported CCE/CSE cases for girls locally and remain vigilant in recognising the signs of involvement for both boys and girls
- 11.2.4 We are mindful of the language and descriptors used when discussing or referring CCE and CSE instances and avoid all victim blaming language.
- 11.2.5 We consider the use of the term 'gang' and only apply it to Organised Crime Gangs, not urban or street groups, although our children may perceive that they belong to, or associate with, a named 'gang'.
- 11.2.7 We are familiar with My Safety Planning approach for Child protection in extra-familial harm circumstances
