

NORTH Ridge High Specialist Support School

Provider Access Policy

This policy statement sets out North Ridge's arrangements for managing the access of providers to students at the school for the purposes of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997 and The Education (Careers Guidance in Schools) Act 2022 (Baker clause).

Students in Years 7-13 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options evenings, briefings and group discussions and taster events.
- To understand how to make applications for the full range of academic and technical courses.

Procedure

A training or education provider wishing to request access should contact *Mrs Elaine Redpath, Assistant Head teacher*, e.redpath@northridge.manchester.sch.uk, 0161 553 0200.

North Ridge is a specialist support school. All students have Education Health Plans. Their primary need is cognition. Students may transition at age 16 years or 19 years. We support our students in considering the most appropriate choice that will meet their very individual needs. We welcome contact from suitable providers.

Please speak to Elaine Redpath to identify the most suitable opportunity for you to support our students. We particularly welcome requests to join our information day in the spring term or our Employer Engagement event in the summer term 2024.

The North Ridge Safeguarding Policy is available at <https://northridge.manchester.sch.uk/student-page/safeguarding/>

Our independent careers education guidance is provided by: Steve Leach, Careers adviser Career Connect.

Premises and facilities

The school will make appropriate rooms and equipment available to support provider presentations. This will be discussed and agreed in advance of the visit.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the school reception.
