

Class Snowdon

Snowdon have been so happy to be back in school and see their friends again before Easter!

This term, we have been working very hard on fitness. We've practiced lots of different types of exercise including learning how to use the school gym safely.

In art, we have been exploring David Gilliver's art work. We have created our own backgrounds and took exciting photos miniature figures!

In English we have been using the clicker software to write our own versions of the Tempest!
