

Key Areas of School

This is the main pupil entrance.

This is the door that pupils enter school and are greeted immediately by their familiar members of staff. They are then taken to their tutor classrooms.

Pupils also leave school via these doors.

This is the main office and entrance for staff and visitors.

Should you need any help, you are welcome to come and speak to one of our admin team.

Alternatively, you could ring the school and speak to the admin team via telephone.

This is our outdoor play area.

Pupils access this space for break time, lunch club, sensory time, P.E lessons and gardening/grow-it lessons.

This is our canteen.

Most classes eat their lunch here supported by either their teacher or a familiar member of staff. Staff support pupils to make healthy choices and cut their food as well as teach them to be as independent as possible during meal times.

This is the canteen serving hatch where pupils que and choose their meals; supported by staff.

This is a calm-room. We have three located around the school.

These rooms are available for pupils when upset or distressed as a space to calm down and have 1:1 support.

A member of staff will be with pupils in the calm-room at all times to ensure they are safe.

These are the main pupil toilets downstairs. Staff will take pupils to the toilets at key times in the day.

Staff are able to support with personal care if and when needed with consent from parents or carers.
