

# Class Rainier

Pupils in class Rainier have been very happy to be back with their staff and friends!

This half term in Theme class Rainier have been learning about 'Wonderful Water'. We have identified where we can see water and land. We enjoyed playing musical instruments and creating our own rainmakers. We have dressed up as the artist Monet and created our very own 'Water Lilly Ponds' with paint and stamps. We have had lots of fun!

This half term in Maths we have been exploring money, we have been working on identifying and matching coins up to 10p. We have practised taking coins from purses and putting them into a piggy bank. We have created shopping lists and bought items we like by matching the amounts. Our staff are very proud!
