

KS4 Grow It

The purpose of Grow It is to develop the skills, confidence, independence and creativity through practical lessons. The pupils will learn about recycling and upcycling to help support insects and wildlife, how to sow seeds and grow plants and how to maintain a garden area. Pupils will be able to see the process seeds go through to grow a variety of plants.

Lessons are structured so they are practical to equip students with the skills they can use in a garden environment and they promote participation and teamwork encouraging students to work co-operatively.

RRS Articles: This unit of work is linked **Article 6** of the UN Convention on the Rights of the Child.

"I should be supported to live and grow."

RRS Articles: This unit of work is linked **Article 29** of the UN Convention on the Rights of the Child.

"I have the right to an education which develops my personality, respect for others' rights and the environment."

	<u>OU P Steps P5-6</u>	<u>OU P Steps P7-8</u>	<u>OU NC step 1</u>	<u>OU NC Steps 2-3</u>
Theme - Safety				
<u>Subject specific knowledge</u>	<p>Can identify where hands need to be washed.</p> <p>Can identify pictures of dangers in the garden i.e. tools not stored correctly, rubbish on paths, thorns on plants.</p> <p>Knows that gloves go on hands before gardening.</p> <p>Can identify that tools are stored in a specific place.</p>	<p>Can identify where hands are washed and what is needed to wash hands i.e. soap, water, and paper towels.</p> <p>Can identify and sort dangers i.e. sharp tools, water spillages, rubbish, thorns, tools carried downwards.</p> <p>Can identify that gloves should be worn before gardening.</p> <p>Can identify that tools need to be stored safely.</p>	<p>Understand why we need to wash our hands when gardening and can identify some reasons why.</p> <p>Identifies and understands dangers and safety rules in the garden</p> <p>Can identify why gloves should be worn before gardening.</p> <p>Can identify why gardening tools must be stored safely.</p>	<p>Understand why we need to wash our hands and can give relevant examples of why we wash hands and the risks if they are not washed properly when gardening.</p> <p>Understands dangers in the garden and preventative measures to minimise the dangers.</p> <p>Understands why gardening gloves must be worn and dangers of not wearing them.</p> <p>Can explain why gardening tools must be stored safely.</p>
<u>Subject specific skills</u>	<p>Is able to wash hands with verbal prompts for each step i.e. wet hands, put soap on, wash hands, dry hands.</p> <p>Is able to follow key safety rules when modelled.</p> <p>Is able to put gardening tools back to the correct place with verbal support.</p>	<p>Is able to wash hands once directed with some verbal prompts.</p> <p>Is able to follow key safety rules when given verbal instructions.</p> <p>Is able to locate and put away key gardening tools away when prompted.</p>	<p>Is able to wash hands safely and hygienically.</p> <p>Is able to follow basic safety rules when gardening.</p> <p>Is able to locate and store gardening tools safely.</p> <p>Is able to use the correct equipment to ensure safety.</p>	<p>Is able to demonstrate excellent hygiene throughout lessons.</p> <p>Is able to follow and understand safety rules when gardening.</p> <p>Is able to independently locate, and store gardening tools safely.</p> <p>Is able to independently use the correct equipment to ensure safety i.e. gloves, bin, and shovel.</p>

	Is able to pick up gardening gloves and attempt to put them on.	Is able to stay away from dangers in the allotment. Is able to put on gardening gloves.	Is able to stay away from dangers in the garden and work safely minimising the risk of dangers i.e. storing tools correctly when not in use.	Is able to independently stay away from dangers and work safely minimising the risks of dangers and explain the reasons why.

Personal development

Problem solving-

Linked to resolving any issues encountered, finding a way to solve the problem when gardening. .

Communication skills-

Using full sentences/signs appropriate, to communicate instructions and ideas, listening and responding appropriately to other peoples ideas.

Self-belief-

Never giving up if unable to resolve the issues, continue to ask, listen and try different solutions.

Self-management-

Linked to managing equipment safely and managing behaviours.

Team-work-

Linked to working in small groups and realising a goal as a group, cooperating with a group and working together effectively.

Suggested activities

Planting seeds.

Maintaining beds.

Watering flowers.

Picking the harvest.

Washing picked vegetables.
Investigating the herbs in the sensory garden.
Sampling a herb a week through cookery, tasting raw (where possible) and in food/teas.
Dead heading flowers to encourage new buds.
Maintaining vegetable patches,
Researching vegetables and the pests they attract. Research and test natural remedies to eradicate the pests
Rainfall measurements
Collecting and identifying bugs.
Worm counts
Making bird feed.
Build a bug house.
Scrap book of the wildlife found in the school playground.
Make a mini wormery using a large glass jar.
Building birdhouses.
Attracting the right bugs to the vegetable patch. Researching which plants will attract bees & relevant bugs to help pollinate and spread seeds. Sowing and planting these out.
Calculating plant numbers from seed packs and keeping a log of the info. How many were sown? How many germinated? How many were pricked out? How many healthy plants survived outside?
Measuring and marking appropriate distances when planting out.
Creating a calendar of time sown and expected harvests.
Breaking down original costs of seeds, pots etc & how much we would sell our vegetables for. Create a spreadsheet.
