Pupils will gain knowledge of lettering, properties of materials, equipment and colours used in creating graffiti art. Pupils will learn to describe, identify parts or show understanding of an artwork through observation, relative to the students level. Pupils will develop skills in using line, colour and shape to create works of art. Pupils may use letters or images to create their graffiti. Pupils will learn how to add meaning in their own art work, e.g. Choose to convey a message about the environment/society (Banksy), make a piece of art that shows a story or image (Basquiat) or use bold colours that show a personality (Haring). Pupils will do some work to draw/sketch their idea in pencil, and experiment with other materials (examples could be making different textures</p>

with paint or using or making stencils to print) Pupils will see their work and know their work in relation to others. Pupils will show/communicate/describe/review what they have done.
